**AMENDMENT #2 – RC-11  
RC-11 Purchase and Installation of Playground Equipment**

This amendment answers questions that have been offered relative to RC-11.

1. I would like to visit the site so I can see existing conditions can you furnish me with the best time, the physical address of the project and the area at the address where the equipment will be located?

Answer: An appointment may be scheduled with Mr. Ron Shoupe, Facilities Management Director at 843-549-6457.

2. The sample drawing you furnished has some items number as there may be a legend or schedule that goes with the drawings. Is there a specific manufacture/supplier that you want to use or a better description of the play ground equipment?

Answer: A revised drawing with an appropriate legend is included with Amendment # 1 to this RFP.

3. Is there any landscaping that we need to provide as a part of this project?

Answer: Any necessary changes to the “landscape” are only those required for work to the site as preparation for the equipment.

4. The engineered wood fiber safety surface material, what is the extents that this surface needs to be provided; the entire area, approx. 50' x 93.5' or just in the area that is outlined around the equipment?

Answer: The safety surface material only needs to be placed in the “circle areas” surrounding the various play structures.
