Then Publicly Opened in Room 208	BID NUMBER: SW-20 High Compaction, Front Loading, Refuse Collection Truck Body	

This amendment is effective as of January 27, 2010.

Sealed Bid SW-20 must be further revised and clarified. The following is a list of questions and answers asked by potential bidders:

- a) Colleton County wants to order a new 2011 garbage truck correct? Not something on the ground or used. So it has to be a 2011 year model?
 - a. It is intent of Colleton County to purchase a NEW Front loader. This would mean "most current year model available".
 - b. It is up to the bidder if they want to bid a unit already on the ground as long as it is the most current year available.
 - c. A used unit will not be accepted!
 - d. A demo unit will not be accepted!
 - e. A reconditioned unit will not be accepted!
- b) How many bids can be submitted by one place of business?
 - a. There is no limit to the number of bids one company can submit.
- c) Your request for a dual camera system for the tailgate and hopper refers to a model number but not a name brand.
 - a. The Manufacturer is OWL Inc. --- OWL System Inc, 1819 Business Center Dr., Durate, CA 91010 Telephone: 1-866-288-2695 Fax: 626-303-3036
- d) Do you know at this point what the cab and chassis color will be for the front loader being bid? Stock trucks are usually white so I needed to know if a re-paint would be required.
 - a. The Cab will most probably be White. The Chassis will be Black and the body will be Black or a Dark Blue. If there are any color discrepancies we will negotiate with the awarded bidder. PLEASE STATE THE COLORS THAT YOU ARE BIDDING.

This amendment will not require any alterations to the time of the original proposal opening; therefore, proposals will still be accepted until 1:00 PM, Friday, February 5, 2010.
