RFP: CC-25
EMERGENCY DEBRIS REMOVAL and DISPOSAL SERVICES

DUE: Tuesday, July 31, 2018 @ 11:00am

Addendum #1
dated 7-25-2018

The following questions have been submitted for clarification:

Question 1: Would the County consider changing the requirement of “four (4) backhoes” to a combination of four other pieces of equipment?

Answer: The “four (4) backhoes” requirement is hereby changed to a combination of backhoes, wheel loaders, and excavators to equal a total of six (6) pieces of available equipment. The requirement for dump trucks and labor crews remain as stated in the advertisement.

Question 2: Is there any evaluation criteria? Will the contract award be based on the lowest bid price?

Answer: The contract will be awarded based on total aggregate bid price for all rates on the price proposal sheet as well as the contract equipment minimums being met. See attached updated price proposal sheet to replace sheet in advertisement. All rates shall be added together and the contract will be awarded to lowest aggregate rate contingent upon the bidder being responsive and responsible.

Question 3: Please explain specifically how the pricing of one proposal will be evaluated against the pricing from another proposal. Will each pricing proposal be analyzed and refined to become one total number which can then be compared to the other proposals?

Answer: The contract will be awarded based on total aggregate bid price for all rates on the price proposal sheet as well as the contract equipment minimums being met. See attached updated price proposal sheet to replace sheet in advertisement.

Question 4: Will extended totals (unit price multiplied by estimated quantity) be used to evaluate pricing, and if so, what estimated quantities and what line items will be used to derive the extended totals that will be evaluated?

Answer: The contract will be awarded based on total aggregate bid price for all rates on the price proposal sheet as well as the contract equipment minimums being met. See attached updated price proposal sheet to replace sheet in advertisement.

**The attached equipment list form, as a required form as noted in C. Specifications, must be submitted with the proposal.
