**Executive Session**
Legal Interpretation

**Regular Session**
County Attorney Sean Thornton called the meeting back to order. I am going to pass the gavel over to our new County Council Chairman, Mr. Phillip Taylor who will take over as chairman and Mr. Steven Murdaugh is remaining Vice-Chairman.

Mr. Phillip Taylor called the meeting back to order and continued presiding over the meeting.

Post 2012 Election & Formative Actions:
   a) Seating of Chairman- Phillip Taylor
   b) Seating of Vice-Chairman- Steven Murdaugh

   c) Election of Council Members to LCOG (3 members)

Mr. Taylor asked what was the pleasure of the council.
Mr. Murdaugh said the three current sitting members are Councilman Flowers, Councilman Robinson and Councilman Whetsell. If they wish to serve I would move that we re-elect them to another term.

Discussion among council members.

Mr. Murdaugh said let me correct that, it appears that Councilman Flowers term expired the end of 2012. I think we just designate him to replace the expired term, one seat.

Mr. Robinson said that is it exactly.

Mr. Murdaugh made a motion to extend Councilman Flowers term and the other two council members would remain and was seconded by Mr. Whetsell.

The motion carried unanimously.

Chairman’s Appointment of Three (3) Members of Council to LCAA Board-

Mr. Taylor said at this time I would like to ask the pleasure of council that you would retain the members that are currently on there: Councilman Whetsell, Councilman Taylor and Councilman Robinson. Are there any objections or nominations?

Mr. Murdaugh said no changes Mr. Chairman other than I believe I was a member of the board, but I designated you to serve in my place, but if you want to change that and be the member instead of the designee that is fine with me.

Mr. Taylor asked the clerk to recap the members.

Ms. Mayer said we have Mr. Robinson, Mr. Taylor, & Mr. Whetsell.

Mr. Taylor said you are correct.

Approval of Minutes
Regular Meeting December 4, 2012

A motion to approve the minutes was made by Dr. Flowers and seconded by Mr. Murdaugh.

The motion carried unanimously.

Administrative Briefing
Mr. Griffin said he would like to bring to the council’s attention; Ms. Valerie Gruber from Gruber’s Crossroads has brought forth a request to council, which would then be forwarded on to the Legislative Delegation; she would like to have Gruber’s Crossroads recognized as a community in Colleton County. At one time it was. She has done an immense amount of historical research in that area. Basically what we would have to
do in that stead is representatives from her district, which I would believe would be Mr. Whetsell, Mr. Taylor and Rev. Robinson, they would have to make a request to our Legislative Delegation, which would then get it on for the session to get approval for that. We are working through the administrative part for that …inaudible… She did ask me to bring that to your attention tonight because she would be unable to attend.

I would like to bring you up to date on three road projects Recreation Lane, which is the existing roads in our Recreation Park, Purple Heart Dr., which is a road adjacent to Floralife, one of our existing industries, the road has some major issues there where they do their loading and unloading for the facility as well as Venture Lane, which would be the road that is the old New York Wire property, which is now Sarlaflex as you know the SC Department of Commerce has made a $500,000 grant to help us expand that road to the rear of the property to develop an additional approximately 130 acres there that we have as part of that property purchase. We conveyed roughly 42 acres over to Sarlaflex, but retained the balance of the property. All three of those roads have been put out to bid as of last week and will be moving along. Hopefully we will be able to bring those forth to the CTC Commission at their next meeting to award and start construction. I know a few of you have been concerned and Mr. Whetsell in particular had visited out there with me and they needed to have that road done by March when their busy season starts again, so it does look like we will be able to meet that mark to get those done.

All three fire stations coming along very well. We will have a little more for you later on.

I did want to thank Coastal Electric, Mr. Larry Hinz, Mark Walling and the Board there. They were in December able to bring us an additional just over $80,000 in RDA Funds to go with the $105,000 they had already pledged for the road improvements for the project going on at the new Industrial Park at Exit 62 to extend some roads there. Both of those projects are going well.

Sarlaflex you may have seen on the front page of the paper they’ve started pulling their building apart to put in their tower that will be part of stretching of the vinyl that comes in and we will have the folks in for the dairy project, they will actually be in this week to finalize everything both with commerce and with ourselves.

The Governor’s State of the State Address, she has sent a personal invitation to Mr. Krishna who is part of Sarlaflex to be her special guest. We understand he will be recognized during the State of the State Address. Hopefully this will give us some good recognition.

Mr. Murdaugh said Mr. Administrator can you explain to me, I don’t recall, we may have in the time I have been here designated someone as a community going back to your first item you had there, what does that do. Does that give the community the ability to apply for grants, what is the effect of that designation?
Mr. Griffin said this would just be a community recognition. It is not an incorporation; it would be recognized, if it is state recognized it goes on the state road map system, so any mapping, those type things, it would be recognized as a community. They would have to incorporate to give them any special privileges.

**Council Time**
Dr. Flowers said he was very happy so many people had turned out for the council meeting. He thanked them for being here and appreciated their participation in the process. He wanted everyone to know they were here to serve and help them and that they try to do the best they can for all of the people in the county.

Mr. Murdaugh said he would like to echo that. Usually when I see a crowd this large I get nervous that somebody didn’t tell me something. He also thanked everyone for coming and recognized the newly elected sheriff for being there.

Mr. Taylor said he echoed those sentiments and thanked everyone for coming out tonight. We certainly enjoy serving you and also wish you all a Happy New Year.
Mr. Taylor asked everyone to pause for a moment and recognize our newly elected county sheriff Andy Strickland with applause.

Sheriff Strickland said how happy he was to serve the citizens of the county. We have some good things in the works for Colleton County. We have had a really good first week. We’ve gotten some guns off the street and made some drug cases. I don’t know if everyone has noticed or not, but the response time have already been cut back and hope that you guys can also see that. We look forward to bringing something for everyone in the county at the sheriff’s office. I am very excited to be the new sheriff for Colleton County and to lead this county to be the key law enforcement official. Thank all of you. I have an open door policy. I’ll give you this challenge; if you need me by phone or if you would like to stop by, please do and make yourself at home. I look forward to seeing each and every one of you in my tenure as Sheriff of Colleton County.
