Section 6. Special Source Revenue Credit. After the identification of qualifying public infrastructure located solely within Colleton County and the costs thereof to the satisfaction of the County, the County will provide to the Company a special source revenue incentive (the "SSRC") against the PILOT payments made with respect to all non-qualifying real property of the Company (e.g., the existing property at the Project Site) as provided for under the MCIP Act, Section 4-29-68 of the Code, and applicable provisions of the applicable FILOT Act (or any successor provisions thereto) in the applicable amounts as follows: the SSRC on non-qualifying property will be in an amount that annually reduces the PILOT payment to an equivalent payment calculated at a 6% assessment ratio for a 20-year term.

WHEREAS:

1. The current ordinance requires that no structure may exceed a maximum height of 60 feet in the Industrial (ID) Zoning District. Because of increased concern from industrial prospects regarding this limitation, the desire for higher ceiling heights for equipment and operations suggests that the height standard is set too low to meet modern industrial needs; and

3. The Planning Commission in their October Meeting voted to recommend an amendment to the Zoning Ordinance to add a footnote to allow for an increase in the maximum height of a structure in the Industrial (ID) Zoning District and include a setback mechanism.

NOW, THEREFORE, BE IT ORDAINED BY COLLETON COUNTY COUNCIL, DULY ASSEMBLED THAT:

1. Chapter 14.08 – Zoning, Section 14.08-2 Zoning District Regulations, Paragraph 2.120 (C) of the Colleton County Zoning Ordinance is hereby amended to read as a Footnote as follows:
