Colleton County officials have been notified of fifteen total cases of COVID-19 in Colleton County, These cases of COVID-19 are in the 29488, 29446, 29475, 29435 and 29929 ZIP codes. The ZIP code data for the state is available on DHEC's COVID-19 webpage, specifically on the Testing & SC Data page, underneath the county map. This can be found by following the link below.

<https://scdhec.gov/infectious-diseases/viruses/coronavirus-disease-2019-covid-19/testing-sc-data-covid-19>

It's important to note that there are likely many more people in the community who have this virus and have never been tested. Also, DHEC isn't notified when individuals are no longer infectious (i.e., they are well), and as a result, these numbers likely include people who have recovered and no longer pose a risk to others.

Colleton County residents are urged to follow the guidance of Governor McMaster and the recommendations of the CDC. This information can be accessed at [colletoncounty.org/coronavirus](http://colletoncounty.org/coronavirus).

The Colleton County Fire-Rescue Emergency Management Division, the Colleton County Sheriff's Office and the City of Walterboro will be hosting another live question and answer session on Thursday, April 16<sup>th</sup> at 1:30 PM. Please use the link below to submit questions before Thursday or during the live stream.

#### REMINDERS AND HELPFUL LINKS

The chain of command and direction and control during a public health emergency is different than what is exercised during a natural or human-made disaster. The [South Carolina Department of Health and Environmental Control \(DHEC\)](#) is the lead agency. DHEC officials are working closely with our federal partners at the [Centers for Disease Control and Prevention \(CDC\)](#).

If you are concerned about the coronavirus (COVID-19) or experiencing respiratory or flu-like symptoms such as fever and/or cough, MUSC recommends you speak to an online virtual care provider. Virtual COVID-19 screenings are free. Just use the code COVID19 when you follow the link below and log in to MUSC's Telehealth service. No appointment is necessary, and this service also covers other conditions, such as allergy/hay fever, sinus infection, pink eye, sore throat, or the common cold. You can also call 843-261-5940 for more information.
