(C) The execution and delivery of this Fee Agreement and compliance by the County with the terms and conditions thereof will not constitute a material breach of, or a material default under any existing law, regulation, decree, or order, or any material agreement, mortgage, lease or other instrument to which the County is subject or by which it is bound;

(D) To the best of its knowledge, no actions, suits, proceedings, inquiries or investigations are pending or threatened against or affecting the County in any court or before any governmental authority or arbitration board or tribunal that would materially adversely affect the validity or enforceability of this Fee Agreement;

(E) The County has established or will establish a multi-county industrial park in accordance with the provisions of Title 4, Chapter 1, Section 170 of the Code (the "Park"), and the Project will be located in the Park.

2.2. **Representations and Warranties by Company**

The Company represents and warrants that:

(A) The Company is a __________________ organized and validly existing under the laws of the State of ___________________, is authorized to transact business in the State of South Carolina, and has power to enter into this Fee Agreement, and, by proper action, has been duly authorized to execute and deliver this Fee Agreement;

(B) The execution and delivery of this Fee Agreement and compliance by the Company with the terms and conditions hereof will not constitute a material breach of, or a material default under, (i) any existing law, regulation, decree, or order, or (ii) any material term, condition, or provision of any corporate restriction or any agreement or instrument to which the Company is now a party or by which it is bound; and will not result in the creation or imposition of any lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Company that would materially restrict the Company's ability to make any payments hereunder, other than as may be permitted by this Fee Agreement;

(C) No event has occurred and no condition exists with respect to the Company that would constitute an "Event of Default" as described in Section 7.1 hereof;
(D) The Company intends to operate the Project for the purposes permitted by this Fee Agreement or the Act or other purposes expressly agreed upon in writing by the parties;

(E) The execution of this Fee Agreement by the County and the Company has been instrumental in inducing the Company to locate a facility in the County and in the State;

(F) To the best of its knowledge, no actions, suits, proceedings, inquiries or investigations are pending or threatened against or affecting the Company in any court or before any governmental authority or arbitration board or tribunal that would materially and adversely affect the validity or enforceability of this Fee Agreement; and

(G) The Project constitutes or will constitute a “project” within the meaning of the Act.

3. CONSTRUCTION, ACQUISITION, AND PURCHASE OF PROJECT

3.1. Construction and Acquisition of Project

The Company shall construct and acquire the Project and shall do all other things deemed necessary by the Company in connection with the Project. The Company shall identify in writing, to the extent required by the Department of Revenue, any portion of the Project placed in service that is not then already adequately described in this Fee Agreement or supplements thereto as a portion of the Project. The Company shall maintain such records in connection with the construction or acquisition of the Project as are reasonably necessary to (i) permit ready identification thereof and (ii) confirm the date(s) on which the Project or portions of the Project were placed in service.

3.2. Completion Date

The Completion Date(s) shall be evidenced to the County by a written statement by an Authorized Company Representative certifying the Completion Date and stating that, to the best of his knowledge and information, the acquisition or construction of the Project, or a phase thereof, has been completed and placed in service as of the stated Completion Date and shall state the total cost as of the Completion Date. The certificate of completion may state that it is given without prejudice to any rights against third parties that exist at the date of such certificate or which may subsequently come into being.

3.3. Completion of the Project

The Company shall cause the Project to be completed and shall pay or cause to be paid all of the Cost of the Project, provided that this shall not be deemed to preclude financing of some or all of the Cost of the Project on such terms as the Company shall determine.

3.4. Amendments to Exhibits A and B
The Company may supplement Exhibit A and Exhibit B from time to time provided that (i) the supplements are consistent with the terms of this Fee Agreement and the Act, (ii) notice of such supplement is given to the County in accordance with the notice provisions of this Fee Agreement, and (iii) written consent is given by the County to any supplement of Exhibit A.

3.5. Minimum Investment and Minimum Jobs Commitment

The Company shall invest at least $30,000,000 (the “Minimum Investment Threshold”) and create a minimum of sixty (60) new full-time jobs, plus benefits, at the Project by December 31, 2017 (the “Minimum Job Threshold”) by the Completion Date.

3.6. Licenses and Permits; Assistance in Obtaining

To the extent permitted by law, the County will use its reasonable best efforts to expedite all building and construction permit applications and will use its reasonable best efforts to assist the Company in securing all other state, county and local construction, environmental and other permits, approvals and consents which may be necessary or desirable in connection with the Project on a timely basis.

If any application is made to a governmental or other agency by the Company or the County for any permit, license, or approval to do or to perform certain things necessary for the proper performance of this Fee Agreement, the Company and the County shall execute, upon the request of the other party, such applications as may reasonably be requested or required.

4. TERM, FEES AND ADDITIONAL PAYMENTS

4.1. Term

Subject to the provisions herein, this Fee Agreement shall be and remain in full force and effect for a term (the “Term”) commencing on the Commencement Date, and, unless earlier terminated in accordance with this Fee Agreement, ending at midnight on December 31 of the twenty-fifth (25th) year after the last year during which any portion of the Project is placed in service or the last FILOT Payment hereunder, whichever is later.

4.2. FILOT Payments

The Company shall pay to the County all amounts due and payable as FILOT Payments pursuant to Section 5.1 hereof. Unless otherwise expressly provided in the Act, returns for the FILOT Payments shall be filed and FILOT Payments shall be payable at the same time, and subject to the same penalty assessments, that ad valorem property tax returns and tax payments for the Project would otherwise be due and payable under applicable State law and regulations in the absence of this Fee Agreement.

4.3. Additional Payments
In addition to the Fee Payments and other amounts payable under Section 5.1, the Company shall pay, as “Additional Payments,” to or on behalf of the County any Administrative Expenses and any other amounts payable by the Company under this Agreement. Such Additional Payments shall be payable by the Company within thirty (30) calendar days of receipt by the Company from the County of a statement in writing indicating in reasonable detail the amount of such Additional Payments and the reason they have been incurred.

4.4. Failure to Pay in a Timely Manner

If the Company fails to make in a timely manner any of the payments required in this Article 4, the item or installment so in default shall continue as an obligation of the Company until the amount in default shall have been fully paid, together with interest and penalties for which the Company is liable under applicable law thereon, along with Administrative Expenses, from the date the payment was due, at the rate per annum which is equal to the rate required by law for late payment of ad valorem taxes or, in the case of the FILOT Payments, an amount equal to any interest required by law for late payment of comparable ad valorem property taxes. In the event of any failure on the part of the Company to pay any such amounts, liabilities or obligations, the County shall have all rights, powers and remedies provided for herein, by law, equity or otherwise, including without limitation with respect to non-payment of FILOT Payments hereunder the imposition and enforcement of a lien against the Project for tax purposes, as provided in Section 12-44-90 of the Act and the collection of Administrative Expenses.

5. FILOT PAYMENTS AND TAX CREDITS

5.1. FILOT Payments; Calculation and Timing

(A) The parties acknowledge that during the Term of this Fee Agreement, the Project is exempt from ad valorem property taxes. However, in lieu of ad valorem property taxes, the Company shall make twenty-five (25) annual FILOT Payments for each portion of the Project placed in service each year during the Project Period.

(B) The amount of FILOT Payments due and payable shall be that which would be due in ad valorem property taxes if the Project were subject to ad valorem property taxes, but using (i) an assessment ratio of six percent (6%), (ii) a millage rate of 311.9 mills (which millage rate shall remain applicable and fixed throughout the Term of this Fee Agreement), and (iii) a fair market value of the Project to be determined according to the Act; provided that any real property that constitutes a portion of the Project shall be reported at its fair market value for ad valorem property taxes (the “Fair Market Value”), and this value shall remain fixed for such real property throughout the Term.

(C) Pursuant to Section 12-44-60 of the Act, the Company may elect to include Replacement Property as part of the Project to the maximum extent permitted by the Act.

(D) Any part of the Project subject to the fee payment may be disposed of, and the Fair Market Value of the Project used to calculate FILOT Payments shall be reduced by the Fair Market Value of the disposed property.
(E) If the Act, any portion of the Act, and/or the FILOT Payments are declared invalid or unenforceable, in whole or in part, for any reason, the Company and the County intend that this Fee Agreement be reformed so as to afford the Company with a benefit that is commensurate with the benefit provided under this Fee Agreement. If the Project is not eligible for FILOT Payments, the Company shall be entitled to receive (i) the five-year exemption from ad valorem taxes (or fees in lieu of taxes) provided by South Carolina Constitution Article X, Section 3, and any other exemption allowed by law from time to time; (ii) all allowable depreciation, allowances and adjustments to Fair Market Value; and (iii) such other credits, abatements and exemptions from ad valorem taxes, as are allowed by law.

(F) If the Company does not meet the Minimum Investment Threshold and the Minimum Jobs Threshold by the Completion Date, the Company prospectively loses the benefit of this Fee Agreement and the Project reverts to normal ad valorem taxation and the Company shall repay the County the full amount of the difference between the FILOT Payments and the amount of ad valorem property taxes that would have otherwise been due and payable by the Company if the Project were subject to ad valorem property taxes since the Commencement Date.

5.2. **Tax Deductions, Credits and Exemptions**

Unless otherwise precluded by the Act, applicable law or judicial decision, the Company shall be entitled to all applicable federal, state and local investment tax credits, exemptions, allowances and deductions for depreciation and diminution in value, and other similar tax relief provisions relating to the Project. At the request of the Company, the County shall do all things as are reasonably necessary or proper to confirm and receive those benefits, provided the Company shall pay the expenses incurred in that undertaking.

5.3. **Abating FILOT Payments**

If the Project is damaged or destroyed, the subject of condemnation proceedings, or otherwise adversely impacted by theft, casualty, or other cause, and the damage, destruction, condemnation, or adverse impact reduces the Project's fair market value, the FILOT Payments shall be abated in the same manner as ad valorem property taxes would be abated if the Project were subject to ad valorem property taxes to the fullest extent allowed by the Act.

6. **OTHER COVENANTS**

6.1. **Use of Project**

The Company shall have the right during the Term of this Fee Agreement to use the Project, as a project, for any lawful purpose authorized by the Act. At the time of entering into this Fee Agreement, however, it is the intent of the Company to use the Project for the primary purpose of manufacturing and related activities.

6.2. **Limitation of County’s Liability**
Anything herein to the contrary notwithstanding, any obligation the County may incur hereunder, including an obligation for the payment of money, shall not be deemed to constitute a debt or general obligation of the County but shall be payable solely and exclusively from the revenues and receipts derived by the County from this Fee Agreement, and the Project gives rise to no pecuniary liability of the County or a charge against its general credit or taxing power.

6.3. No Liability of County Personnel

All covenants, agreements and obligations of the County contained herein shall be deemed to be covenants, agreements and obligations of the County and not of any member of the County Council or any officer, agent, servant or employee of the County in his individual capacity.

6.4. Transfer of Project; Equity Interests

An interest in this Fee Agreement and any of the economic development property to which it relates may be transferred to another entity at any time, if the prior approval, or subsequent ratification of the County is obtained. The County’s prior approval, or subsequent ratification, shall be evidenced by a letter or other writing executed by the County Administrator, Chairman, or by a resolution or ordinance passed by County Council. Notwithstanding any provision to the contrary in the Act or this Fee Agreement, an equity interest in the Company may be transferred to another entity or person at any time, and without the prior consent of ratification of the County. The approval or ratification of the County is also not required in connection with transfers to sponsor affiliates or other financing-related transfers as identified in the Act and in Section 6.5 of this Fee Agreement.

6.5. Financing

Financing, lending, security, sale-leaseback, assignments, leases, subleases, or similar arrangements are permitted in accordance with Sections 12-44-120(B) and (C) of the Act and do not require the prior approval of subsequent ratification of the County. The Company shall cause the County and the Department of Revenue to be notified of a financing-related transfer of the Fee Agreement or the Project within sixty (60) days of such transfer. Such notice shall be in writing and shall include the identity of each transferee and any other information required by the Department of Revenue with any appropriate returns.

6.6. Leasing of Project

The Company may at any time lease or sublease the Project or portions of the Project on such terms as the Company may determine in its sole discretion, provided that such terms are not inconsistent with this Fee Agreement. No lease or sublease shall reduce any of the obligations of the Company hereunder unless expressly approved in writing by the County.

6.7. Filing of Annual Report of Investment and Certification of Jobs at Project
For each year beginning with the year of the Commencement Date to and including the year of the Completion Date, the Company shall provide to the County a copy of the annual return to the Department of Revenue or equivalent showing the investment of the Company in the Project (currently, Form PT-300S). The County shall accord this information the same degree of confidentiality as is required for the Department of Revenue. The Company shall also make all other filings required from time to time by Section 12-44-90 of the Act. For each year beginning with the year of the Commencement Date to and including the year of the Completion Date, the Company shall also annually certify to the County the number of full-time jobs at the Project.

6.8 Waiver of Statutorily Required Recapitulation

Pursuant to Section 12-44-55(B) of the Act, the County and the Company waive any and all compliance with any and all of the provisions, items, or requirements of Section 12-44-55.

6.9 Indemnification

(a) Company shall and agrees to indemnify and save the County, its County Council members, officers, employees or agents, present and future, and past County employees or agents who have worked on the Project and any documents or matters related to the Project (each, an “Indemnified Party”), harmless against and from all claims by or on behalf of any person, firm, or corporation arising from the conduct or management of, or from any work or thing done on the Project during the Term, and, Company, further, releases each Indemnified Party from and shall indemnify and save each Indemnified Party harmless against and from all claims arising during the Term from (i) any condition of the Project, (ii) any breach or default on the part of Company in the performance of any of its obligations under this Fee Agreement, (iii) any act of negligence of Company or any of its agents, contractors, servants, employees, or licensees, (iv) any act of negligence of any assignee or sublessee of Company, or of any agents, contractors, servants, employees, or licensees of any assignee or sublessee of Company, (v) any environmental violation, condition, or effect, or (vi) the administration by any Indemnified Party of this Fee Agreement or the performance by any Indemnified Party of the County’s obligations hereunder. Company shall indemnify and save each Indemnified Party harmless from and against all reasonable costs and expenses incurred in or in connection with any such claim arising as aforesaid or in connection with any action or proceeding brought thereon, and upon notice from the County or any other Indemnified Party, Company shall defend it in any such action, prosecution, or proceeding.

(b) Notwithstanding the fact that it is the intention of the parties that each Indemnified Party shall not incur pecuniary liability by reason of the terms of this Fee Agreement, or the undertakings required of the County hereunder, by reason of the performance of any act requested of it by the Company, or by reason of the operation of the Project by the Company, including all claims, liabilities, or losses arising in connection with the violation of any statutes or regulations pertaining to the foregoing, nevertheless, if an Indemnified Party should incur any such pecuniary liability, then in such event the Company shall indemnify and hold that Indemnified Party harmless against all claims by or on behalf of any person, firm, or corporation,
arising out of the same, and all costs and expenses incurred in connection with any such claim or action or proceeding brought thereon, and upon notice, the Company shall defend them in any such action or proceeding.

These indemnification covenants shall be considered included in and incorporated by reference in subsequent documents after the closing which the County is requested to sign, and any other indemnification covenants in any subsequent documents shall not be construed to reduce or limit the above indemnification covenants.

6.10. **Special Source Revenue Credit**

In order to reimburse the Company for the Five Hundred Thousand and No/100 Dollars ($500,000.00) to be paid by the Company to the County towards the purchase of the Real Property (the "Company Property Payment"), the County shall provide the Company with an annual Special Source Revenue Credit for the Project ("SSRC") equal to the lesser of 100% of its FILOT Payments to the County for the Project for such year or One Hundred Thousand and No/100 Dollars ($100,000.00), until the Company has received total and applied SSRC's for the Project equal to the Company Property Payment.

6.11 **Location of Park in Joint County Industrial Park.**

The County shall establish a, or utilize an existing, joint county industrial or business park with another County under Section 13 of Article VIII of the Constitution of the State of South Carolina, as implemented by S.C. Code Ann. § 4-1-170 et seq., and shall include the property comprising the Park within such joint county industrial or business park.

6.12 **Park Covenants.**

The Company shall have the right to comment on and propose covenants and restrictions to be adopted by the County for the Colleton County Commerce Park, including any amendments of such covenants and restrictions, in order to protect its interests.

7. **EVENTS OF DEFAULT AND REMEDIES**

7.1. **Events of Default by Company**

Any one or more of the following events shall constitute an "Event of Default" by Company:

(A) if default shall occur in the due and punctual payment of any Additional Payments to the County, which default shall not have been cured within thirty (30) days following receipt of written notice thereof from the County;

(B) if FILOT Payments, together with any interest or penalties thereon, shall not have been paid within the maximum time that would be permitted by law if the Project were subject to **ad valorem** property taxes;
(C) if the Company shall fail to perform or comply with any other terms of this Fee Agreement, other than those referred to in the foregoing Subsections (A) or (B), and such default shall (i) continue for thirty (30) calendar days after the County has given the Company written notice of such default, or (ii) in the case of any such default that can be cured, but cannot be cured with due diligence within such thirty (30) day period, if the Company shall fail to proceed promptly and with due diligence to cure the same within such additional period as may be necessary to complete the curing of the same with all due diligence not to exceed ninety (90) days;

(D) if the Company shall file a voluntary petition seeking an order for relief in bankruptcy; or shall be adjudicated insolvent; or shall file any petition or answer or commence a case seeking reorganization, composition, readjustment, liquidation or similar order for relief for itself under any present or future statute, law or regulation; or shall seek or consent to or acquiesce in the appointment of any trustee, receiver or liquidator of the Company or of the Project; or shall make any general assignment for the benefit of creditors; or shall admit in writing its inability to pay its debts generally as they become due;

(E) if a petition shall be filed or a case shall be commenced against the Company seeking an order for relief in bankruptcy or any reorganization, composition, readjustment, liquidation or similar relief under any present or future statute, law or regulation, and shall remain undismissed or unstayed for an aggregate of ninety (90) days (whether or not consecutive); or if any trustee, receiver or liquidator of the Company or of all or any substantial part of its properties or of the Project shall be appointed without the consent or acquiescence of the Company and such appointment shall remain unvacated or unstayed for an aggregate of ninety (90) days (whether or not consecutive); or

(F) if any material representation or warranty made by the Company herein proves untrue in any material and adverse respect as of the date of making the representation or warranty.

7.2. Remedies on Event of Default by Company

Upon the occurrence of any Event of Default, the County, may, at its option, take any one or more of the following actions: (i) terminate this Fee Agreement by thirty (30) days notice in writing specifying the termination date; (ii) take whatever action at law or in equity as may appear necessary or desirable to collect the sums under Article 4 then due and thereafter to become due. In all events, if the Company fails to make Fee Payments due under Section 5.1, the County shall have the same enforcement, lien, and collection rights and remedies as it would have had for the non-payment of ad valorem taxes.

7.3. Default by County

Upon the failure of the County to perform any obligation it may have under this Fee Agreement or the Related Documents in a timely manner, or if no time for performance is specified, then within ninety (90) days following written notice thereof from the Company to the
County, the Company may pursue any remedy permitted by this Fee Agreement or available by law or in equity, including, but not limited to, specific performance or suit for mandamus.
